

TRINE

UNIVERSITY

Dear Univertical,

Thank you for your generous donation to the 2017 Trine University Basic Utility Vehicle. We are very proud to announce that we completed our vehicle and placed 5th out of 11 competing BUVs at our competition this past April.

Our team is grateful to have donors like yourself in the community who allow teams like us to conquer new challenges and enhance our learning experience. Without your donated hose and miscellaneous steel we certainly would not have had such a smooth building and competing experience.

We would especially like to thank Rob Green for his help with acquiring the materials and we hope to have our future BUV teams stay in contact with Univertical!

Thanks again,

2017 BUV Team
